7. None of the foreign scholarships awarded last year have been utilized as yet. We are in correspondence with the Residency in the matter and if passports are granted the last batch of scholars selected will have to leave by the middle of September 1917. The provision for foreign scholarships has been repeated in the budget and a further selection may be made this year.

8. With a view to prepare a scheme of foreign scholarships so that the subjects for which they are sanctioned may have some reference to the needs of the administration and the general industrial and commercial developments of the State the Heads of the Departments concerned were consulted and proposals were invited from them as regards the number of scholarships required by them for a period of three years. Their original recommendations have been mixed up with some other file but an abstract of their recommendations is attached herewith

9. After careful consideration of all our requirements I have drawn up a schme for the next five years. The total number of scholarships available will be 2 Demodar Das, 4 State and 5 loan , annually; or there will be 30 regular and 25 loan scholarships during the next

(i) Six regular scholarships (1 Damodar Das and 5 State) and four loan scholarships are available for award during the current year. There is great need for foreign trained men at present in all departments of the State, especially those relating to the economic development of the country and also in the University. It is therefore proposed to invite applications for the award of scholarships though, owing to conditions created by the War, the facilities for foreign study are greatly circumscribed. Preference may be given to the following subjects :-

Office of the Comptroller in Mysore,

My dear Mr. D' Souza,

Your D.O. No.907/Edn.3-16 dated 25th July 1917.

Under Government Order No.763-813/Edn.400-13-1 dated the 22nd October 1914 the different kinds of scholarships are -- tenable ordinarily for 2 years and with special sanction of Government for an additional year in the case of half the -- number of scholarships. The subjoined statement shows the number of scholarships ordinarily admissible, the number -- specially extended and the number that may be sanctioned in 1917-18:-

Class.	Maximum No. admissible and names of present holders.	No. specially extended out of that shown in Column 2 and names of holders.	No. of scholars whose term expires in 1916 17 and their names.	Number ~~vacant~~. that may be Sc. in 17-18

Leaving out of calculation the two cases in which scholarships have been extended, the number of scholarships that may be awarded in 1917-18 will be 4. The number is 4 instead of 2 as the candidates who were given scholarships for 1916-17 have not gone to Foreign countries and drawn the scholarships sanctioned to them. If these 3 candidates (vide names in the margin) are to be counted against the number 4, the number of scholarships that may be awarded this year will be only one.

Mr. Sitarama Rao's scholarship has been specially extended. Messrs. B.K. Srinivasa Iyengar and P. Subba Rao's terms of scholarship have ended. The number of scholarships that can be awarded in 1917-18 is 7. If Mr. Balaraj Urs for whom a scholarship was sanctioned in 1916-17 is counted as one of 7, 6 new scholarships can be sanctioned.

The maximum number of scholarships that can be held in a year is 10. So far none of the candidates for whom these scholarships were sanctioned have drawn them. If the -- six (as noted below) for whom scholarships have been sanctioned are to be counted against 10, the number of new -- Scholarships that may be sanctioned in this year will be 4.

2. The balance at credit of the Damadar Doss Fund and the provision made in the current year's Budget for State Scholarships permit of the expenditure on the number of scholarship which can be awarded this year as stated above.
